Good morning Robert I hope you are having an excellent day. Thank you so much for the information and for all your input. It will help us tremendously. We will definitely keep this in mind when we select the relocation of the the Big Belly Trashcan to meet ADA and Big Belly regulations. Have a great day.

Hi Rodolfo,

Our #1 concern would be compliance with ADA accessibility. We also try to keep them away from corners as best a practical to avoid visual obstructions to motorists. Lastly we keep them away from furniture installed at bus stops via our Street Furniture contract.

Hello good afternoon Robert Gutierrez my name is Rodolfo Martell and I am currently working for the City of Los Angeles as a Transportation Engineering Associate I, partnering with the Transportation Engineering Associate III Austin Kano, Carlos Rios Senior TE and Sunil Rajpal TE. Austin and I are currently working on the LANI Highland Park Project. We are in the process of relocating a Big Belly trashcan located on the North West Corner on the intersection of N Ave 57 and Figueroa Street.

I had the opportunity to contact Joe Albrecht from Big Belly, Misty Iwatsu from Old LA, Arturo Nevarez from LANI and Jose Rodriguez from City of LA Council District #1. We just wanted to inform you of this process and to know if you had any inconvenience with this trashcan being relocated. Basically, we were thinking of moving it from Figueroa street to N Ave 57 (swing around the corner on N Ave 57).

We would like to stay in compliance with BSS requirements for the new location. I was inform by Jose Rodriguez from District Council #1 that Big Belly and LANI will work together to relocate the trashcan and meet city and Big Belly regulations.

We would like to know what are BSS regulations?

Can I have feedback on this. Thank you very much for all your help. Have a great day.

Yes Big Belly owns the receptacle and the City leases and maintains the receptacles.

I am in contact with Big Belly and they will work with LANI on relocating to location that meets Big Belly requirements and City regulations.

Thanks,

Jose Rodriguez, Deputy District Director
Office of Los Angeles City Councilmember Gilbert Cedillo

LADOT still needs to contact street services to make sure we are in compliance with their standards and regulations for the new location of the trashcan.

Here is a picture of the Big Belly Trashcan that will be relocated. If you have any questions please let me know. I will send out more updates throughout the week. Thank you and have a great day.
